

Generators and Welders

Dependable jobsite power

www.multiquip.com

Portable Generators

Meet MultiQuip's newest generator models... the preferred generators of contractors everywhere!

- **Control Panel** — Rugged new look withstands the rough handling on the job site or in the back of a truck.
- **Receptacles** — Additional twist-lock receptacles have been added for operator convenience.
- **Lifting Bail** — Standard on 3.6 kW to 6 kW models. Hinged design lays flat when not in use.
- **Engines** — MultiQuip generators are now available with either Honda GX-Series or Robin EX-Series industrial grade engines.
- **Electric Start** — available on 6 kW models; standard on 9.7 kW and DA7000SSA models.
- **Brushless design** — low maintenance for years of dependable service.
- **Superior voltage regulation** — helps to keep tools and equipment running at optimal levels; helps them last longer.

Voltmeter

This feature serves as a convenient diagnostic tool on the jobsite. The operator can quickly tell whether or not the generator is producing the correct voltage and prevent overheating of expensive tools and equipment.

Silent Type Muffler

Reduces noise level on Honda units. USFS-approved spark arrestors standard on 2.5kW through 6kW Honda-powered models.

Reliability

GA-Series generators use a brushless design that minimizes maintenance by eliminating the carbon brushes and slip rings common on competitive models.

The best warranty in the industry.

All GA-Series generators are covered by a two-year parts and labor warranty.

There's a size and model for every application...

3600 watts max.
Honda engine
Recoil start
GA36HA

2500 watts max.
Honda engine
Recoil start
GA25H

UWK Wheel Kit
For 2.5kw through 6kw models;
Shown with handles in both up and
down positions.

Portable Generators

6000 watts max.
Honda engine
Recoil/Electric start
GA6HEA

Also available with Robin engine as Model GA6REA

9700 watts max.
Honda engine
Recoil/Electric start
GA97HE

Unit shown on optional WKT97 Wheel Kit

Diesel Powered Generator

Delivers dependable performance for a variety of industrial and commercial applications.

Compact, sound-attenuated package with full instrumentation, including hour meter and warning lights for oil, water and battery.

- 7kW maximum, 6kW continuous
- Brushless alternator design
- 12.5 HP \ddagger water-cooled Kubota diesel engine
- Quiet operation — 65 dBA @ 23 feet

7000 watts max.
Kubota diesel engine
Electric start
DA7000SSA

Shown on optional TRLR10W trailer

High Cycle Generator

Simultaneously produces both 60 and 180 Hz power

The only choice for dual-use portable power.

Simultaneously produces standard 60 Hz power and 180 Hz power for "high-cycle" concrete vibrators. No other high-cycle generator is this versatile.

- **Rugged control panel** withstands rough handling
- **Powers up to three Multiquip 2" high-cycle vibrators** or two of our 2 5/8" vibrator heads (varies according to current requirements).
- **Lifting bail standard** — hinged design lays flat when not in use.
- **Engine** — powered by an 9.5 HP Honda GX-Series with low oil shutdown.

Portable Welders

Battery-powered welder

- Portable, powerful design with true DC power
- Up to 180 amps of welding power

Gasoline-powered welders

- Permanent magnet alternator design reduces overall weight.
- Simultaneous welding and AC output.
- Compact in size — easily fits on your service truck or in the basket of high-reach equipment.
- Powered by Honda gas engines with idle control and low oil shutdown standard.

Diesel-powered welders

- Kubota diesel engines reduce fuel cost and provide years of trouble-free operation.
- CC and CV welding capability on selected models.
- Optional remote control on 225 amp and larger machines
- Simultaneous welding and AC output.
- Three-year/3,000 hour parts and labor warranty on 225 amp and larger machines.
